## EXPERIENCE

---

**SENIOR USER EXPERIENCE RESEARCHER** | FUTURE BARS, SAN  
FRANCISCO | JUL 2021–NOV 2021

- Supported management to 1) develop and iterate solutions, 2) ensure alignment of enterprise and client goals across retail and hospitality, and 3) increase retention of customers.

**MEDICAL ANTHROPOLOGIST & ASSISTANT PROFESSOR** | BAYLOR  
UNIVERSITY | AUG 2014–JUN 2021

Research lead on cross-cultural health equity studies

- Led 6-person field team in Amazonia to show that groups with more highly visible status behaviors suffer more chronic disease
- With 4-person mixed methods team in Belize found evidence that farmers who experienced the effects of climate change were more likely to alter their beliefs no matter than existing worldviews
- With 5-person team ran experiments showing music preferences are shaped as much by early exposures as human universals
- Strong experience promoting research within & outside organization

**HEALTH ETHNOGRAPHER & QUALITATIVE UX RESEARCHER** |  
UNIVERSITY OF FLORIDA (UF) MAY 2011–MAY 2014

Funded by NSF for mixed methods research on culture and heart-health

- Led 5-person team to show how culture contributes as much to group with best heart-health in the world, as physical activity & diet
- Used survey results (N=209) to help 10 local stakeholder groups refute negative stereotypes that their culture is 'backwards'

**UX RESEARCHER** | NAT SCI FOUNDATION, METHODS MALL  
OCT 2009–AUG 2014

Funded by NSF to redevelop & launch research methods training portal

- Led user research on program instructors and participants using in-depth interviews, heuristic evaluation, and quantitative analyses
- Recruited 33% more programs, increased applications by >50%, reduced review time by ~25%, and improved uptake from waitlist

**UX RESEARCHER & FELLOW** | UF & HEALTH EQUITY ALLIANCE OF  
TALLAHASSEE AUG 2008–MAY 2011

Member of participatory research team studying healthy food access

- Studied shopper & employee experiences with access using in-depth interviews (N=45), cognitive models, personas, surveys & GIS
- Supported establishment of community organization to intervene
- Quantitative tools used: STATA & R; Qualitative tools: MAXQDA

**UX RESEARCHER & APPLIED EPIDEMIOLOGY FELLOW** | U  
CALIFORNIA, BERKELEY, OFFICE OF AIDS | JUN 2006–JUN 2008

Applied research to improve treatment experience of HIV+ participants

- Conducted mixed methods UX research on people with HIV/AIDS in long-term treatment with CDC's Medical Monitoring Program
- The changes recommended led to 15% improved adherence
- Studied and reduced risk of vulnerable youth in Northern California through interventions tailored to their circumstances

## CERTIFIED ADVOCATE FOR VICTIMS OF DOMESTIC ABUSE | DOMESTIC VIOLENCE INTERVENTION PROGRAM OF IOWA CITY SEP 2004 – JUN 2006

Worked as a certified advocate at the DVIP shelter

- Completed client intakes, answered the crisis hotline, ran trainings on risk reduction techniques, and aided clients with resource access
- Served as an in-person personal advocate for clients dealing with legal actions
- Used my work at DVIP to inform my masters research on the social epidemiology of Intimate Partner Violence

## GRADUATE RESEARCHER | DEPT OF EPIDEMIOLOGY, U IOWA JUN 2005 – JUN 2006

Masters research on the social epidemiology of intimate partner violence

- Developed a method for approximating the location of IPV victims in research to help improve the accuracy of analyses while still maintaining the anonymity and security if participants
- Published these methods along with fellow researchers

## GRADUATE RESEARCHER | CENTER FOR HUMAN RIGHTS, U IOWA SEP 2004 – JUN 2006

Collaborated on campaigns against sweatshop labor and child labor

- Helped to research and coordinate student campaigns with local and regional leaders to change university vendor policies regarding certification of sweatshop-free products
- Worked on early efforts to divest endowment funds from businesses with poor records on environmental, social and governance issues
- Met with various representative from large corporations such as Coca-Cola on these issues

\*The h5-index is the h-index for articles published in the last 5 years. It is the largest number h such that h articles published in 2014-2018 have at least h citations each.

\*\*h5-median for a publication is the median number of citations for the articles that make up its h5-index.

†Journal Impact Factor is a measure of the frequency with which the "average article" in the journal published 2016–17 was cited in 2018.

‡SCImago Journal and Country Rank (SJR) Indicator is a measure of the journal's impact, influence or prestige based on the average number of weighted citations of journal articles.
